These events are activated by the AFR Dispatch Center as a "Significant Event" based on specific criteria and emailed to media and specific AFR members but does not include all responses by AFR to emergency calls.

3/1 - Commercial Fire: AFR was dispatched to what initially came in as a small outside shed fire at 2350 2nd St. NW in fire district 1 but was upgraded to a commercial dispatch at a metal recycling facility. Engine 2 was first on scene and made a defensive fire attack with a 2 1/2 inch blitz line and an assault pack. Additional units arrived on scene and quickly brought the fire under control. No injuries were reported.

3/2 - Commercial Fire: AFR responded to a commercial structure fire at 141 Wyoming NE in fire district 5. The building was under renovation and not occupied. This building has had recent fires at this location. A total of 14 Albuquerque Fire Rescue Units responded to fight this fire. No injuries were reported.

3/8 - Outside Fire: AFR responded to two separate outside tent fire's in the downtown area, one near 1st and Mountain in fire district 4, and the other near 3rd and Aspen. AFR crews were on both scenes quickly to extinguish the fires. There was a single deceased male occupant in the tent located near 1st and Mountain. The cause of death is unknown at this time and APD and arson were brought in to investigate.

3/9 - Residential Fire: At approximately 10:34am, AFR was dispatched to 8250 Northridge Ave NE in fire district 15 for a single story residential fire. Upon arrival Rescue 15 and Engine 16 reported a working structure fire with moderate smoke showing from the side of the house. An interior fire attack was initiated as well as a primary search and roof operations by Ladder 13. The home was undergoing renovations and the fire was caused by construction from inside of the home near the garage and laundry room. Firefighters were able to quickly locate the source of the fire and get it under control. No injuries were reported.

3/13 - Commercial Fire: At approximately AFR responded to a single-story commercial business at 9906 Indian School NE in fire district 9. Flames and smoke were showing from two sides of the building upon arrival. Engine 9 was first on scene and firefighters began an initial offensive attack that was changed to a defensive operation because conditions were unsafe for firefighters to remain inside. Fire crews fought the fire and declared it under control approximately an hour after arrival. There were no injuries to civilians or firefighters. The building was unoccupied at the time of the fire.

3/15 - Residential Fire: AFR was dispatched to 412 High St SE in fire district 1 for reports of an outside fire. Engine 1 arrived on scene and reported that an outside fire was encroaching on an exterior shed as well as a casita. As Engine 1 began fire attack, additional units arrived on scene to assist with fire operations. Engine 2 deployed a back-up fire line and Engine 3 assisted with conducting a primary search and ventilation needs. The main body of fire extended into the nearby shed and a considerable amount of fire and smoke damage was caused as a result. Firefighters were able to extinguish the fire, preventing it from extending into the casita that was on site. The cause of the fire was found to be a transient camp site in the alley behind the shed.

3/15 - Residential Fire: At approximately 12:21pm AFR was dispatched to 1817 Nakomis Ct NE in fire district 8 for a residential structure fire. Engine 8 arrived on scene and reported a working structure fire with heavy smoke and flames showing from the front of the home. Engine 8 stretched an attack line to the front of the house for fire control as Rescue 8 performed a primary search. Once inside the home Engine 8 encountered severe fire conditions including limited visibility and extreme heat. As Ladder 9 provided ventilation, Engine 8 was able to locate and extinguish the main body of fire located near the living room and kitchen. An all clear of the structure was declared to confirm that all occupants of the home were out and safe. A total of 11 AFR apparatus were on scene to assist with fire operations. Firefighters located several of the homeowners dogs inside the home while performing salvage and overhaul operations, unfortunately the dogs perished as a result of the harmful fire and smoke. There were no injuries to civilians or firefighters, the cause of the fire is unknown.

3/17 - Commercial Fire: At approximately 8:29pm, AFR units were dispatched to a commercial structure fire on 4004 Carlisle NE in fire district 19. Within minutes, AFR units arrived on scene to find an abandoned gas station with obvious signs of transient activities. AFR units were able to obtain an "under control" in a matter of minutes. There were no injuries sustained to civilians or firefighters. The cause of the fire is under investigation.

3/18 - Residential Fire: At approximately 11:27pm, a small fire broke out in a single story residence at 8000 Vista Volcan Ln SW in fire district 14. In a matter of minutes, Engine 14 arrived on scene to find smoke and flames emanating from the living room. Engine 14 took command of the scene and with the help of other arriving crews quickly contained the fire. AFR crews were able to keep the structure from becoming a total loss, however, the residents will be displaced at this time. There are no injuries reported to either civilians or firefighters.

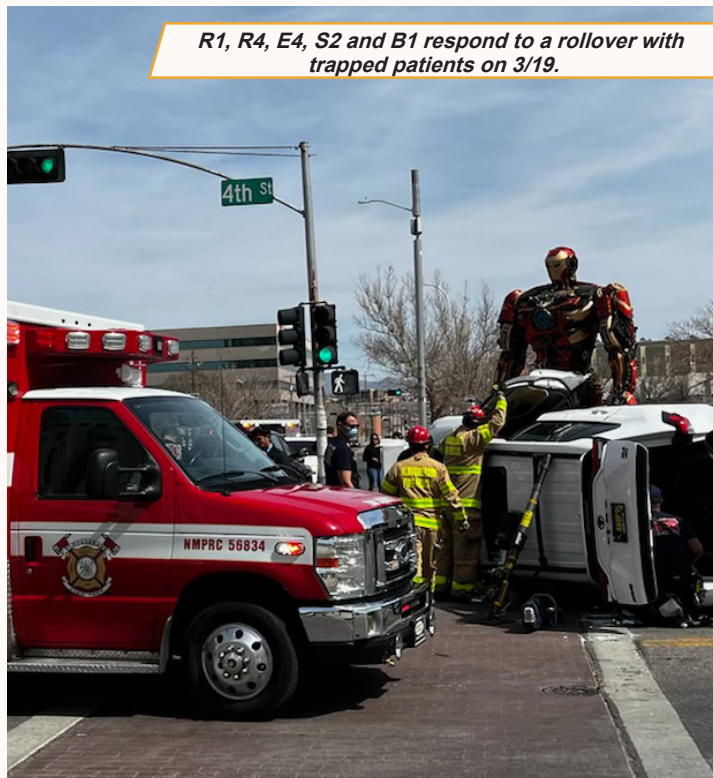

3/20 - MCI MVA: At approximately 2:50am, AFR units were dispatched to a motor vehicle accident rollover on University under east bound I-40 in fire district 3. This was immediately coded a first alarm medical. Within minutes, AFR units Engine 1 and Battalion 1 arrived on scene to find nine patients in total. Seven were taken to area hospitals and two were declared deceased and were not transported. Initial triage reports were four red, three yellow, and two black. It was later confirmed that all nine patients were traveling in the same sedan.

3/27 - Residential Fire: At approximately 11:30 pm AFR crews responded to a residential home located at 5813 Painted Pony Ct. NW in fire district 18. Fire crews arrived on scene and found smoke coming from the home. Upon further investigation firefighters realized the fire was in the attic and made an aggressive attack. The fire was brought under control within minutes of arrival. No injuries were reported to firefighters or civilians. The cause of the fire was determined to be an accidental electrical fire.

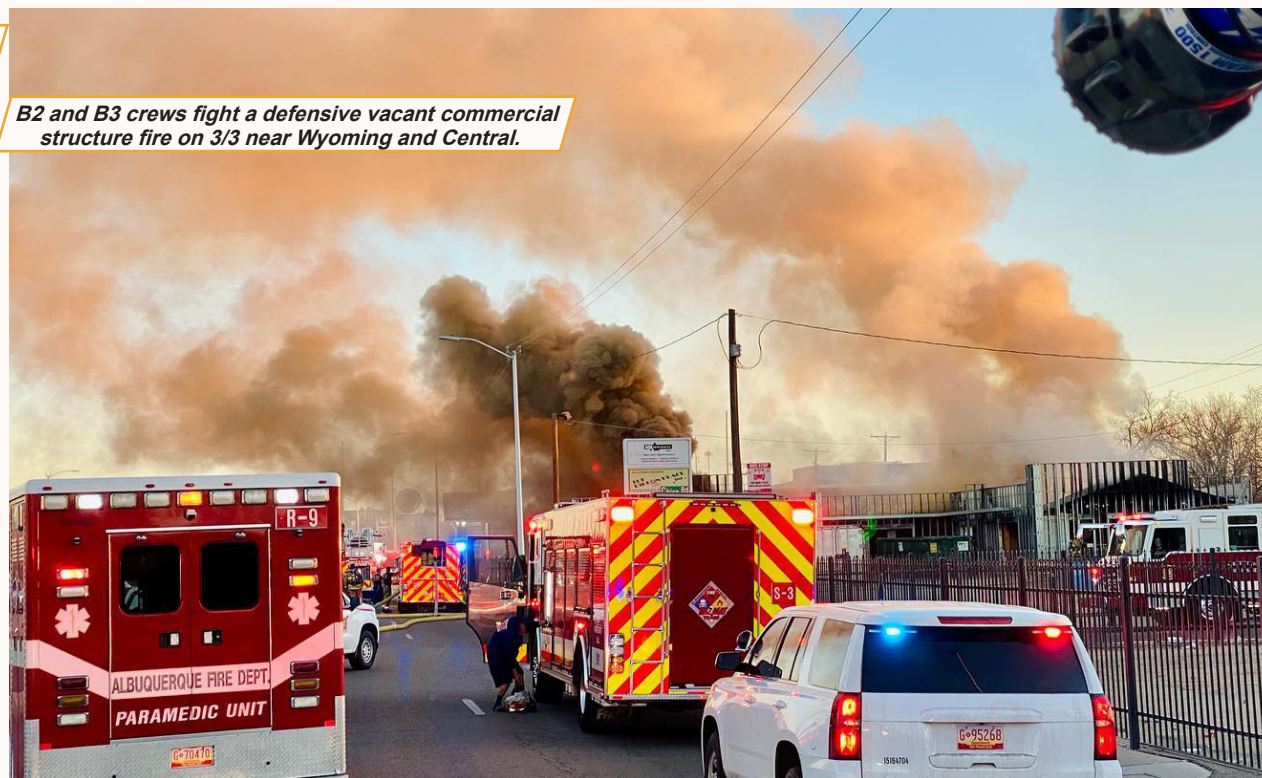

3/27 - Residential Fire: AFR crews responded to a residential home located at 629 Ortiz Dr. SE in fire district 11. Rescue 11 was first to arrive on scene and found smoke and flames coming from the home. Firefighters quickly jumped into action and had the fire under control within minutes of arrival. The home suffered smoke damage throughout. Upon the initial search of the home, a male victim was rescued and transported to the hospital. There were no injuries to firefighters.

3/29 - Commercial Fire: At approximately 9:56am AFR was dispatched to the Holiday Inn at 1501 Sunport Pl SE in fire district 2 for a commercial structure fire. AFR units arrived and reported a working fire with smoke coming from the first floor laundry room. Firefighters were able to quickly locate and extinguish the fire however, smoke made its way throughout the structure. A total of 44 rooms were occupied at the time of the fire as firefighters worked to get all of the affected rooms cleared of residual smoke. A total of 17 AFR units responded to assist with fire control and ventilation operations. No injuries were reported.

R1, R4, E4, S2 and B1 respond to a rollover with trapped patients on 3/19.

B2 and B3 crews fight a defensive vacant commercial structure fire on 3/3 near Wyoming and Central.

1. AFR recently participated in a suitcase drive for foster children in our community. The love and support at this event was amazing and AFR is humbled to be able to have taken part. Thank you to Natalia Beraun and Weichert Realty for organizing the event!
2. AFR recruitment staff attended the New Mexico Activities Association (NMAA) State Basketball Tournament held at the PIT ahead of open enrollment for the next Cadet Class beginning April 15th-May 15th.
3. AFR is proud to support Special Olympics New Mexico and their kick off of the New Mexico Law Enforcement Torch Run.
4. The AFR Color Guard proudly served at the NM United season opening game.
5. The AFR HEART BEATS program (Basic Education And Transition for Strokes) utilizes HEART members, in partnership with UNMH Neurology and Lovelace Rehab, to provide stroke survivors with the resources they need to ensure a safe transition home and the first year of rehab.
6. Mayor Keller recognized Torri Jacobus of CABQ Office of Civil Rights and Emily Jaramillo of Albuquerque Fire Rescue for being named Albuquerque Business First's 2022 Women of Influence and part of Women's History Month.

FIRE MARSHAL'S OFFICE

INSPECTIONS DIVISION

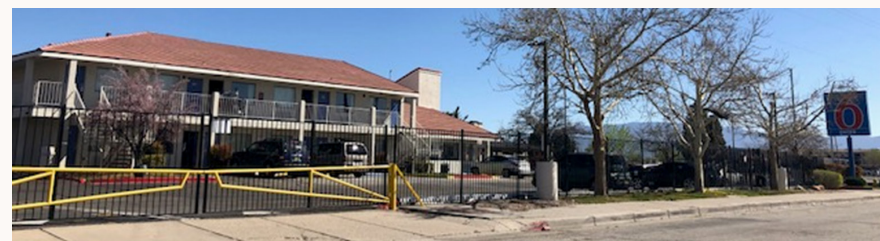

- Our inspectors were able to complete all APS inspections and, working with M&O, ensure all schools are up to code. We are in the process of inspecting and approving fencing to address APS's security concerns.
- FMO is continuing the adoption process of the 2021 International Fire Code and the construction of the City Ordinance. We have made some good strides and continue to work with City Legal to ensure everything is accurate and just. To expedite the process, we are meeting twice a week until it is complete.
- With the ever-growing amount of productions and the popularity of the movie industry in Albuquerque, FMO is taking great strides to ensure we are prepared. We were able to send 4 inspectors to Burbank, CA to attend a Motion Picture/Television-Fire Safety Officer Course. This was a very informative 3 day course that increased our knowledge and opened our eyes to the impact this industry may have on our city and department. The goal is to eventually have all of our inspectors attend this course and achieve this certification.

ADAPT

- ADAPT has 123 properties that have been formally brought into the program, 70 have been cleared from the program and 53 are still in the program at different stages. ADAPT continuously monitors the properties that are in the program to track their compliance with the Nuisance Abatement Agreement.
- There are 94 properties on the Unsafe Buildings list. Six new properties were added to the list this month. The properties are labeled on the First Due application with a white "X" on a red background. In the field these properties are marked with a red spray painted "X" and the letters "AFR" under it.
- Seven properties cleared the ADAPT program with an average of 68% reduction in crime:
 - * 300 Lomas Blvd NE was cleared with an 83% reduction in reported crime.
 - * 1400 Montañó Rd NE was cleared with an 48% reduction in reported crime.
 - * 101 Coors Blvd NW was cleared with an 30% reduction in reported crime.
 - * 2105 Central Ave NW was cleared with an 59% reduction in reported crime.
 - * 2011 12th St NW was cleared with an 62% reduction in reported crime.
 - * 4700 4th St NW was cleared with an 100% reduction in reported crime.
 - * 6015 Liff d NW was cleared with an 92% reduction in reported crime.
- Two properties cleared the COP program with an average of 56% reduction in crime:
 - * 701 11th St NW was cleared with a 71% reduction in reported crime.
 - * 11200 Montgomery Blvd NE was cleared with a 41% reduction in reported crime.
- The following properties were entered into the ADAPT program:
 - * 701 Coors Blvd NW; 724 64th St NW; 99999 Fortuna Rd NW
 - * Vistas at Seven Bar Ranch located at 10500 & 10600 Cibola Loop NW

The Motel 6 located at 6015 Liff now has a wrought iron fence securing the perimeter.

PLANS CHECKING

- Total Inspections March 2022 – 111 (YTD 282)
- Total Plans Reviewed March 2022 – 233 (YTD 718)
- The Rexel electrical supplies branch in Albuquerque serves the needs of commercial and industrial electricians, as well as a wide variety of residential electrical contractor supply needs. The 50,000 sqft Albuquerque store located at 5300 Eagle Rock NE passed their fire final inspection.
- City on the Hill, is a newly renovated, 20,000 sqft church located at 3715 Silver Ave SE. The Plans Checking division was able to work with the owners and issue a 30-day temporary Certificate of Occupancy. This was done while maintaining life safety until some minor corrections are made.

We would like to congratulate Building Official Land Clark on the announcement of his retirement at the end of the month. He is a true professional and made it a pleasure to work with the building division. He will be greatly missed and we wish him all the best in the next stage of life.

FIRE INVESTIGATIONS DIVISION

- The Fire Investigations Division set up a tac plan with Aviation Police to set up some of our trail cameras to try and identify an individual who is lighting trash on fire in the airport parking structure.
- The Fire Investigations Division was asked to share the Youth Fire Awareness Program or YFAP with some of the surrounding jurisdictions. This sharing of standard practice can be a huge step in tracking and helping youth firesetters throughout the state.

	MAR	YTD
EMERGENCY	9,511	27,980
NON-EMERGENCY (INCOMING & OUTGOING)	7,826	22,341
TOTAL PHONE CALLS PROCESSED	17,337	50,321
DISPATCHED CALLS	11,009	30,899

The difference between calls processed and dispatched calls can be attributed to calls assigned to other agencies such as BCFD, Rio Rancho, APD ACS, poison control, etc. or duplicate calls such as; Multiple callers reporting the same incident, calls from APD dispatcher, calls from AAS dispatchers field personnel calling Alarm Room and calls that are redirected to other agencies (County, Rio Rancho, APD, ACS, poison control etc.)

**TRAINING ACADEMY
EMS DIVISION**

- During the month of March the EMS Training Division delivered mobile training to the entire department. This training was focused on cardiac rhythm interpretation and treatment.

AFR Interdivision Involvement

- Created and assigned March assignments in Vector Solutions.
- Assisted with AFR's current Cadet program.
- Preparing curriculum and lesson plans for Day 1 EMS Refresher with Dr. Pruett and the rest of the EMS division.
- Filmed and edited multiple training videos that will be part of a series called "Weekly EKG's with Dr. Pruett".
- Assisted with multiple recruiting events at high school sports tournaments around the city.

Re-licensure

- The 2022 NM EMS Bureau relicensure process is complete, with approximately 50% of AFR renewing this relicensure cycle. While there were several challenges with the State's new requirements, the EMS Bureau and our division were able to work together to find some creative solutions. I would be remiss if I did not acknowledge the long hours and dedicated work of the State Licensing Coordinator, Peggy Ann Griego, during this renewal process.

Paramedic Training

- The 5 AFR members currently in Paramedic school are all progressing toward graduation, and doing well in their respective programs.
- Conducted several Paramedic Advisory Sessions, which have been helpful in preparing prospective paramedic students for CNM and UNM's entrance exams and application processes.

Interagency & Community Involvement

- Training Division staff have been working with CNM finalize the details of the upcoming EMT-B class. This class will be held at the AFR Academy, and will start in June.
- 15 people took proctored exams this month at the AFR Training Academy Pearson Vue test site, which is now open to the public.

SUPPRESSION DIVISION

- 97th Cadet Class Probationary firefighters first quarterly evaluation March 29-30
- 98th Cadet Class currently holding strong with 13 cadets
- March opened during week 3 of the cadet program with heavy emphasis on basics of Firefighter I/II instruction
- Academic and skills lessons highlight the very basics of fire dynamics and equipment. Topics of Study Include:
 - * Ropes & Knots
 - * Water Supply
 - * Hose Handling
 - * Ventilation
 - * Forcible Entry

- The Training Academy Staff would like to extend a special thank you to Engine 11 B-Shift for their tireless work assisting with 98th Cadet Class Hose Handling Evolutions!

Professional Development

- 99th Cadet Class written exam March 1-4
- 99th Cadet Class Pack Test March 7-11
- 99th Cadet Class Structured Oral Interview
- Structural Collapse Class February 28-March 4
- Driver School March 7-18
- Captain Certification Course March 21-25

EMERGENCY SERVICES**RECORDS MANAGEMENT**

- Assisted Bernalillo County Fire Department (BCFD) with setting up their processes for billing for EMS Transports.
- Assisted with gathering data for proposed run string changes to better match resources to patients and reduce redundancies in the system.
- Worked with the QI/QA officers to improve cardiac arrest response interface (Codestat) with ImageTrend and Albuquerque Ambulance Services.
- Assisted Albuquerque Community Safety (ACS) with creating their process for receiving and filling IPRA requests.
- The office is in the process of switching to digital record keeping for HIPAA and IPRA releases.
- Met with Bernalillo County Fire Department (BCFD) Communications Chief, AFR Tech and AFR Alarm Room to discuss the new Premier 1 Computer Aided Dispatch (CAD) implementation.
- Put together a proposal to send RMS members to ImageTrend Connect Conference. The conference will assist in increasing the Department's knowledge, skills and abilities within the software. As well as, learning about new products (ImageTrend Continuum) and opportunities for growth to better serve the City of Albuquerque.

HEART

- In the month of March, HEART provided 78 rides with its "Rides with HEART" rideshare service.
- The HEART Home Modification Program provided 52 home installation services. These home installations included grab bar installations and ramp building in order to prevent falls.
- HEART received and processed 26 referrals for service. The patients were processed and moved into one of our many programs.
- In a partnership with the Office of Substance Abuse Prevention HEART provided all AFR Stations with "Leave Behind Narcan Kits" to provide to community members in need.
- To date, the HEART BEATS stroke discharge program has received over 179 referrals for service. HEART is currently working with 64 patients in the program. Two more staff members are currently undergoing training to expand the HEART BEATS program.
- Be Brave Fall Prevention Classes taught at Los Volcanes Senior Center and Manzano Mesa Multigenerational Center.
- Staffed an Informational Booth at N. Domingo Baca Center to provide information about Fall Prevention.
- The entire HEART team attended an Occupational Training at Encompass Health Rehabilitation Hospital. The goal is to learn better patient moving and lifting techniques to eventually training field personnel on those techniques.
- Three HEART staff are members of the Training Cadre.
- Provided Support Fill for frontline units.

SPECIAL OPERATIONS**WILDLAND**

- For the month of March, the Wildland Division, in conjunction with New Mexico State Forestry, hosted a S-212 Wildland Fire Chainsaws course. This course provides an introduction to the function, maintenance and use of internal combustion engine powered chainsaws, and their tactical wildland fire application.
- Due to severe fire weather conditions, AFR has activated open space patrols early this year. Wildland engines will be patrolling Albuquerque's Open Spaces with the intention of minimizing the chances of catastrophic wildfires. These patrols will be in effect until mid-July, after which we will hopefully experience our monsoon season.

HEAVY TECHNICAL RESCUE

- AFR HTR program completed its Structural Collapse refresher in March. Crews assigned to the task force complete individual and team-based skills to follow the NFPA standards. This ensures AFR exercises our bodies, minds, and equipment to provide the CABQ citizens with a professional level of rescue when needed. The scenario here was a collapse of a concrete poured structure with 7 patients entombed, viable and needing search and rescue.
- AFR HTR program was able to support our public safety counterparts, Albuquerque Police with a needed search. AFR HTR was able to gain access to vehicles that were severely damaged for them to complete the searches they needed to complete their cases.
- AFR HTR assisted APD Open Space for a lost hiker who was stranded off the La Luz trail in steep icy terrain. BCFD coordinated an efficient rescue effort that involved BCFD, BCSO, APD, AMRC, AFR, NMSAR, and Cibola SAR. Rescuers reached the hiker utilizing high angle rope work while working in windy, cold, and icy conditions which required specialized winter gear. Their teamwork ensured the hiker returned home safely and uninjured. This successful rescue is the result of the on-going training these agencies complete to better serve our community. Usually the spring time warm weather brings quick changes in temperatures, winds, moisture, and warmth for wonderful days outside in the open space. Wilderness rescue refreshers will be coming in May and until then our gear and members are ready to respond.

**HAZMAT**

- The Hazmat program manager conducted training with the National Guard's 64th CST group. This training was comprised of table top exercises structured to be integrated into Albuquerque Fire Rescue's Hazmat program training.

PLANNING & LOGISTICS**FLEET**

- New REM 1 Trailer in service.
- Medic 5 in for Routine Maintenance.
- Engine 20 Front Brakes Replaced and Routine Maintenance.
